g day Brian,

I know you have Face Book, so that means you have Messenger--right>?

Or, what other video chat do YOU prefer?

I , luckily, in Aussie have every one of them. Whatsapp, Signal, StreamYards the whole 9 yards, so for me , International contact is a breeze.

So, I have a fair, sensible, reasonable and equitable offer for you to consider to shut this all down.

You have my word, and of course , this email as a back up to prove it should I be trying anything funny, which I am not.

Yes, this email has at time of production today been given to my Solicitor and signed for so any ""Streisand"" show you may make, shoving it up on your channel for laughs will be noted., --just saying. Gotta be careful--right?

Anyway, you want a plea bargain as you Amis say?

Fine.

I have a very fair, reasonable, sensible, and equitable one for you.

Are you in it or not?

I can, will and am able to make it all go away, simply, cheaply and fairly to you and me. It ends--ok?

Whaddya say?

Cheers,

Geoff.

Oh, post this as a joke and make fun of it and the offer not only goes out the window forever, but I STAY. Harder, stronger and more determined than ever.

No threat Brian, just the--truth of it.
